

Product Information

Area of application

For intensive and everyday cleaning of acid-resistant floors, surfaces and objects (e.g. Bain Mariés) in kitchens, the industry, the food industry and sanitary facilities. Removes lime, hard water stains, soap scum and other acid-soluble stains.

Advantages of the product

- Concentrate – low application concentration, economical in use
- Powerful cleaning effect
- Environmentally friendly
- Free from phosphoric acid and phosphates
- Colorant-free, no odour nuisance – particularly suitable for use in the food industry
- Not classified in accordance with the Directives relating to the classification, packaging and labelling of dangerous substances and preparations.

Application

Dilute the oro® Decalcifier for use. For the normal application concentration, add 100 ml to 10 litres of cold water. In case of stubborn soilings apply or spray the undiluted oro® Decalcifier, allow to take effect and rinse thoroughly. The cleaned surfaces must be thoroughly rinsed with drinking water.

Notes

oro® Decalcifier must not be used on acid-sensitive surfaces, e.g. aluminium. Soak tile joints with water, if necessary.

Chemical composition

oro® Decalcifier contains citric acid (15 – 20%), anionic surfactants (1 – 5%), fragrances and auxiliary agents in aqueous solution.

Packing units

30-litre container
10-litre container
Carton of 6 1-litre bottles

Accessories

Spray and foam nozzle for 1-litre bottle, 1-litre bottle with spray and foam nozzle, container tap for 30-litre and 10-litre containers, dosing head (20 ml) for 1-litre bottle, dosing aid for 30-litre and 10-litre containers.

Shelf life

3 years

Storage

Cool but not below 5°C.

Physical properties

Appearance: clear liquid
Density: $D = 1.078 \pm 0.020 \text{ g/cm}^3$ (20°C)
pH: 1.33 ± 0.5

Ecology

The surfactants contained in oro® Decalcifier meet the OECD requirements and are thus biodegradable. The citric acid contained is also biodegradable. The packing is made of polyethylene and can therefore be exploited materially and thermally. For recycling, rinse bottle with water.

Caution

oro® Decalcifier is not classified in accordance with the Directives relating to the classification, packaging and labelling of dangerous substances and preparations. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. If swallowed, seek medical advice immediately and show this container or label. Keep out of reach of children.
