

oro® Cleaning and Care of Artificial Leather

Ready to use

Product Information

Area of application

Cleans and cares for all vinyl upholstery covers and other artificial leather covers and is highly effective in maintaining their value. This product can be applied with the special sponge supplied in the set to rapidly and thoroughly remove even stubborn stains and discoloration.

Advantages of the product

- Ready-to-use cleaner
- Intensive cleaning effect: Removes stains of all kind, spots and discoloration
- Very good material compatibility – suitable for all kind of vinyl upholstery
- Environmentally-friendly, propellant-free spray bottle

Application

Use the cleaning fluid undiluted. Spray it on the surfaces to be cleaned and immediately wipe with a cloth or, for intensive cleaning, spread the product by means of the special sponge. Subsequently, wipe off the excess cleaning fluid with a dry cloth.

Notes

The cleaning fluid can be used without any problems on all artificial leather surfaces. The material tolerability of other leather surfaces should be checked on a concealed surface. The special sponges must not be used on genuine leather.

Chemical composition

The product is based on a mixture of special surfactants, silicone compounds and care components on the basis of avocado oil.

Packing units

Set with 1 500-ml bottle + 1 sprayer + 10 special sponges in a carton

Shelf life

3 years

Storage

Cool but not below 5°C.
