

# oro® Professional Window Cleaner

## Concentrate

## Product Information

### Area of application

Concentrate for powerfully cleaning large windows and glass surfaces, window frames, Resopal and windshields. For streak-free and residue-free removal of insects from windshields, grease, fingerprints, nicotine stains, etc.

### Advantages of the product

- Concentrate – low application concentration, economical in use
- Excellent cleaning effect
- The squeegee slides smoothly over the glass surfaces when the oro® Professional Window Cleaner is used

### Application

Dilute the oro® Professional Window Cleaner for use. Add 50 ml of the product to 10 litres of cold water. Add 200 ml to 10 litres of cold water in case of stubborn soilings for intensive cleaning.

### Notes

If alcohol-sensitive materials are to be cleaned (e.g. varnished surfaces), the material compatibility must be tested on a concealed surface in each individual case.

### Chemical composition

The oro® Professional Window Cleaner contains ethanol (10 – 20%), anionic surfactants (< 5%), non-ionic surfactants (< 5%), EDTA (< 5%), phosphonates (< 5%), fragrances and auxiliary agents.

### Packing units

30-litre container  
10-litre container  
Carton of 6 1-litre bottles

### Accessories

Spray and foam nozzle for 1-litre bottle, 1-litre bottle with spray and foam nozzle, container tap for 30-litre and 10-litre containers, dosing head (20 ml) for 1-litre bottle, dosing aid for 30-litre and 10-litre containers

### Shelf life

3 years

### Storage

Cool but not below 5°C.

### Physical properties

Concentrate:

Appearance:	clear blue liquid
Density:	D = 0.988 ± 0.020 g/cm <sup>3</sup> (20°C)
pH:	6.5 ± 0.5

### Ecology

The surfactants contained in the oro® Professional Window Cleaner meet the OECD requirements and are thus biodegradable. The packing is made of polyethylene and can therefore be exploited materially and thermally. For recycling, rinse bottle with water.

### Caution

The oro® Professional Window Cleaner is not classified in accordance with the Directives relating to the classification, packaging and labelling of dangerous substances and preparations. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. If swallowed, seek medical advice immediately and show this container or label. Keep out of reach of children.

The information on our products is based on detailed internal and external scientific examinations, and recommendations are given to the best of our knowledge. Liability is being judged in accordance with our General Terms of Sale and Delivery which are available upon request at any time.
