

# oro® Sanitary Cleaner

## Concentrate

## Product Information

### Area of application

For the maintenance cleaning of tiles, bathtubs made of acid-resistant plastic and enamel, showers, shower cabins, washbasins, toilets, etc. Removes hard water stains, lime, soap scum.

### Advantages of the product

- Concentrate – low application concentration, economical in use
- Excellent cleaning effect
- The concentrate is antibacterial
- Very good material compatibility: does not contain scouring components
- Fresh fragrance

### Application

oro® Sanitary Cleaner is normally diluted. We recommend adding 50 ml of the product to 10 litres of cold water. Use the concentrate in case of stubborn soilings, allow to take effect and thoroughly rinse off. Wipe or spray surfaces. The cleaned surfaces must be thoroughly rinsed with tap water.

### Notes

Do not use on marble, limestone surfaces and other acid-sensitive materials. Soak tile joints with water, if necessary.

### Chemical composition

oro® Sanitary Cleaner contains non-ionic surfactants (1 – 5%), anionic surfactants (5 – 15%), inorganic acids (5 – 15%) and auxiliary agents in aqueous solution.

### Packing units

30-litre container  
10-litre container  
Carton of 6 1-litre bottles

### Accessories

Spray and foam nozzle for 1-litre bottle, 1-litre bottle with spray and foam nozzle, container tap for 30-litre and 10-litre containers, dosing head (20 ml) for 1-litre bottle, dosing aid for 30-litre and 10-litre containers.

### Shelf life

3 years

### Storage

Cool but not below 5°C.

### Physical properties

Appearance:	clear, light red liquid
Density:	D = 1.07 ± 0.02 g/cm <sup>3</sup> (20°C)
pH:	0.5 ± 0.5

### Ecology

oro® Sanitary Cleaner is ecologically safe as all surfactants are biodegradable in the natural dilution of flush water. The packing is made of polyethylene and can therefore be exploited materially and thermally. For recycling, rinse bottle with water.

### Caution

oro® Sanitary Cleaner is classified as “irritant” in accordance with the Directives relating to the classification, packaging and labelling of dangerous substances and preparations. Risk of serious damage to eyes. Irritating to skin. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. After contact with skin, wash immediately with plenty of water. If swallowed, seek medical advice immediately and show this container or label. Wear suitable gloves. Keep out of reach of children.

The information on our products is based on detailed internal and external scientific examinations, and recommendations are given to the best of our knowledge. Liability is being judged in accordance with our General Terms of Sale and Delivery which are available upon request at any time.
