

oro® Toilet Cleaner

Ready to use

Product Information

Area of application

Ready-to-use cleaner for basic and everyday cleaning of toilets and bidets.

Advantages of the product

- Excellent cleaning effect, very good material compatibility
- Highly viscous: Even clings to vertical surfaces
- Economical in use
- Fresh fragrance

Application

Remove safety cap, apply sparingly under the toilet rim, allow to work for some minutes, clean with brush and rinse. The product completely prevents encrustations and formation of deposits from hard water if used regularly.

Notes

Do not use on marble, limestone surfaces and other acid-sensitive materials.

Chemical composition

The oro® Toilet Cleaner contains non-ionic surfactants (1 – 5%), inorganic acids (5 – 15%) and auxiliary agents in aqueous solution.

Packing units

Carton of 6 750-ml special dispenser bottles

Shelf life

3 years

Storage

Cool but not below 5°C.

Physical properties

Appearance:	clear, light red viscous liquid
Density:	D = 1.06 ± 0.02 g/cm ³ (20°C)
pH:	0.9 ± 0.5

Ecology

oro® Toilet Cleaner is ecologically safe as all surfactants are biodegradable in the natural dilution of flush water. The packing is made of polyethylene and can therefore be exploited materially and thermally. For recycling, rinse bottle with water.

Caution

oro® Toilet Cleaner is classified as “irritant” in accordance with the Directives relating to the classification, packaging and labelling of dangerous substances and preparations. Irritating to eyes. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. If swallowed, seek medical advice immediately and show this container or label. Wear suitable gloves. Keep out of reach of children.
